

About Us:

"I cannot believe that the purpose of life is to be happy. I think the purpose of life is to be useful, to be responsible, to be compassionate. It is, above all to matter, to count, to stand for something, to have made some difference that you lived at all..." - Leo Rosten

It almost goes without saying that career trajectories are impossible to predict and in fact we don't wish to. We would rather focus on inventing a career than predicting it. At YASH, we are dedicated to building a culture in which our employees feel Marshalled and rewarded, and have the opportunity to demonstrate their skills and abilities. We also emphasize professionalism, responsibility and accountability, and foster an environment of trust and respect.

Our bright spot is manifested in actions - a new contribution, a small win, a goal that takes attention off of the past and creates excitement about the future. Human Resources at YASH develop initiatives and provide strategic and operational support for organizational development, employee management, job classification, salary administration, performance appraisal, advancement, internal mobility, training and development, social services, and employee satisfaction.

People Practice Philosophy:

"Every human has four endowments –Self-awareness, Conscience, Independent Will & Creative Mind. We strive to provide Best-In-Class People Practices that shall acknowledge, develop and chisel these endowments of our employees to achieve mutually beneficial goals"

People Practice, is an evolving culture entrusting excellence and quality standards at YASH. Our attempt to encourage innovation is gaining steam year after year with increasing talents and relatively making the working environment more competitive. This is consistent due to having conserved the value of a high performing work culture which is fundamental to create an enthused and empowered employee base. However, it is essential to direct the thinking to specific dimensions and search answers to certain questions to help evolve the fledgling idea from the initial thought through the various stages of innovation. We are continuously in the lookout for strengthening our employee-centric initiatives and governance principles. We believe, culture is a process of 'sense-making' in organization. We uphold a culture of promoting and reinforcing 'right thinking and behaving'.

To be true to what we think; Culture is about "the story" people bring back home and are also embedded within the organization. Human Resources at YASH firmly believes that when there are substantial growth causing changes it is the collaborative process of creating shared awareness for alignment of purpose and shared action that stand to be the most significant determinant ; in real how well rooted it is!

Employee Connect:

Every organization builds a culture over a period of time by the norms, practices, principles, it governs with; it's an 'emergence' so is perhaps unique in nature. Cultures are dynamic. They shift, incrementally and constantly, in response to external and internal changes.

Productivity and optimized workflow matter more than any other development tool. We at YASH understand and respect your virtues and thus get engaged in bringing the best of each YASHian through employee connect Initiatives. Our unique channels of communication and connect enable us to reach out to employees as well as their families.

All Hands Meeting (AHM) - We endeavor to provide a congenial work environment where people thrive on opportunities to learn, engage, and participate in a wide range of initiatives catering to their holistic growth. All-Hands-Meeting is all about bringing people together, on a quarterly basis, to discuss business milestones, accomplishments, and opportunities.

HORIZON: Employee Magazine - An employee magazine, in its few editions started casting the footprints of our passion further translating into business results. With this publication we aim at captivating all the noteworthy happenings across the centres within YASH India. We feel moved to discuss about our practices in bringing the brand to life with a distinct, likeable voice that have raised many eyebrows. HORIZON stands out to be the ambassador of carrying out all these to all YASHians and their family members.

vConnect: There's a chasm widening in social networking and thus it has been able to bring forward spotting track. We know what it takes to be prosperous and be tuned to a work-life-balance. Quite obvious, we don't walk up to someone and say, - Be my friend. Instead we need a savvy approach, maybe striking up a conversation about something we may have in common with the prospective friend. The ideology is to reach out to people & share; as much as we can. We are very active to be staying connected with our associates beyond the bounds of time and geography, we choose vConnect as another forum to reinforce and communicate the messages covered by other parallel employee communication channels. Various Social channels utilized here, in order to leverage the offerings of Social Media, are: LinkedIn®, Twitter®, Google+®, YouTube®, Facebook®. These channels fall under the umbrella of "vConnect", the official YASH Social Networking Forum. In order to join us on vConnect, please reach out to us at vconnect@yash.com

YASH Family Connect Initiative - YASH Family Connect Initiative provides a platform of recognition to employee's family members and an opportunity to invite their families to visit our Office premises.

The YASH Family Accolades Program recognizes special & unique achievements of our employees' Family members over YASH's popular forums like Red Board of Fame, YASH vConnect forum and Employee Magazine - Horizon. Accomplishments in academic examinations, public awards & recognitions, achievements in extra-curricular activities like Fine Arts, Sports/Games, Adventures (not stunts), and successful attempts of records made in Guinness Book or Limca Book, etc. are validated and awarded at the formal award ceremony. Individuals awarded under this program will be felicitated with a Certificate of Appreciation signed by CEO/COO/CFO along with a memento and a gift.

Under the initiative of YASH Family Office Visit, employees' families are invited to visit our premises. The aim of this initiative is to let families get a glimpse of the place where their dear ones are exploring avenues of career and growth and climbing the ladder of success, cherishing every moment. Post notification to HR & Facilities, employees can bring their families consisting of employee's spouse, kids, parents, parent's in-law and siblings to the offices of YASH Technologies in India at location where employee is working. Client sites/offices are not included in this initiative.

Please connect with your HR POC for more details.

TOLL FREE & WE CARE nodes - At YASH, we have established dedicated TOLL FREE service which works for 11 working hours per day from Monday to Friday and half day for Saturday. Employees can register their queries, inputs etc.; live.

Reach out to us by calling at 1800 103 5700 or by writing at wecare@yash.com or feedback@yash.com

Workgroup Meetings & Open Discussion forums - In order to create shared and durable prosperity at work each contribution makes a significant difference. For a purpose-driven organization like ours it is most important to establish forums where fledgling ideas can be converted into a meaningful milestone. In furtherance, a unique discussion forum like 'Chai n Why' is organized on a weekly basis. This is a lecture-demonstration based forum where a subject/topic is pre-decided and is owned by an employee. The forum leader (subject/topic presenter) presents a lecture on it further to which the forum discusses on it and explores its finer aspects.

Suggestion Box - We bake the organizational values by simplifying a methodical way of welcoming suggestions, ideas, and inputs which eventually help solidify the decision-making process. Suggestion boxes are placed in all the centres. The goal with all of these is to give people a voice tool, a way to share their ideas that matter to the organization.

Employee Satisfaction Survey (with particulars & anonymous) - Here at YASH, we believe that organic improvements are the key factors that help inculcate the best industry practices and this necessitate a strong foundation of listening body, voice -of -YASHians ; a survey in two modes namely in 'with particulars' & 'anonymous'. This has a high value in building better systems in YASH. Our focus is to gain footprints in the arena of redefining measures as to how satisfied, committed, and engaged employees are.

Monthly HR Connect Sessions - Breaking the clutter in an existing space is really tough but an atmosphere 'feel-like-home' is what drives YASHians go the extra mile and cause them to feel vested interest in the organization's success. YASH has been successful in establishing effective platforms for all YASHians to cross hierarchal barriers (Skip Level Discussions) & connect with their Business Unit Head or HR Manager directly. Managers of both technical & operational groups purposefully connect with all cadres of employees randomly on a daily basis and exchange observations & feedback. Using this forum, managers share business, technical, functional and developmental objectives from a personal angle. They help the associates see the larger picture and its connection to their deliverables; helping in turn to get better job satisfaction at each level. These channels run parallel to our OPEN DOOR PROGRAM under which employees get a chance to have 1:1 open & transparent communication with their Managers or HR with quick solution to all their requests, questions, and concerns. All our activities and initiatives are directed towards strengthening the connect aspect with our employees.

vMeet - An HR Connect Forum: -

The workplace is one place that can become a treasure of different stories that involve both the employers and employees. In order to have an effective and efficient harmonious associate and employer relationship we are glad to introduce vMeet; an HR connect forum to connect, collaborate, engage and thus strengthen the workplace relationships for the associates deputed @ various Yash Client sites.

Objectives: -

- Provide relevant, personalized and engaging experience to Client Site Associates
- Share business related updates (new wins, new SOs, new Vertical etc.)
- Orientation on HR updates and policies
- Pinnacle - Rewards and Recognition: Distribution of awards and certificates
- Team bonding activities
- Identified actionable items by HRBP'S to be tracked till closer

Please connect with your Location HRBP for more details.

Employee Engagement:

We keep reviving the opportunities to celebrate the lives of YASHians. Communicating the purpose and ownership amongst every member associated with is the driving force. The other aspect of having these events is to unleash our creative sides. At its heart it's about building community, giving people a sense of being part of something greater than just their job descriptions.

Celebrating Mega Bash

All YASH employees come together to celebrate ---in the Annual Cultural Events conducted at all locations. These events are themed to bring about creativity and showcase talents through the means of various performances like dances, fashion show, skits, music etc. The occasion is also a platform for felicitation and giving awards (picture 4). We also conduct lot of Run Up (small) activities from two week before the Annual Day, to build up interest and set the momentum.

Celebrating Festivals

We celebrate the joy and spirit of festivities with our employees in a unique way by providing forums to employees to express their thoughts and ideas while coming together to admire and celebrate various festivals throughout the year.

Celebrating Togetherness

All YASHians stand together time and again; when various opportunities to walk on roads of benefaction presented itself. Whether it is a blood donation camp or it is a social service activity of visiting orphanages, YASHians celebrate the betterment of society by being together and contributing together.

Celebrating Camaraderie

The magnificent sportsman spirit of all YASH employees is displayed in various sports events like, Cricket Tournament, Soccer Tournaments etc. A wide range of indoor and outdoor activities make the camaraderie of all shine through the spectrum of achievements of YASHians.

Celebrating Talent

Immense Talent and Potential of our employees frequently dazzles the arena of events at YASH where we provide platform and support for our employees to nurture their talent through a wide spectrum of extra mural activities conducted at YASH.

Celebrating YASH and YASHians

All YASH employees come together to celebrate the unity and affinity shared by all in the Annual Cultural Events conducted at all locations. These events are designed around various themes, in order to bring about creativity and extramural skills our employees.

HR Policies & Procedures:

YASH has always attempted to build the most conducive climate for the employees. Our basic spirit to drive policy building initiatives targets the best of employee convenience & benefit in the truest essence of the corporate business motives. All policy initiatives aim at enabling a productive work culture flexible & receptive towards business & customer needs.

Policies & Procedures pave our way towards aligning our efforts & energies in living for the vision. Being a quality centric organization, we encourage our employees to take the right understanding on policy aspects. We also promote best use of the policy provisions for the business interests and help build an effective & informed work culture.

We promote a dialogue on policy & procedures. The purpose always remains special as to build the better & the best environment for our employees. If you feel to begin a constructive interaction around any policy, feel free to write to corphr.india@yash.com or reach out to your respective HR POC. Your queries/ concerns/ suggestions/ ideas are welcome and appreciated.

POLICIES & PROCEDURES

YASH as an equal opportunity employer has always worked towards creating a fair and transparent work environment driven by employee friendly policies. Being a quality centric organization, we encourage our employees to take the right understanding on policy aspects which in turn help build an effective & informed work culture.

You can find the relevant documents in Library Section.

Performance Management:

At YASH, Performance Management System is an integral part of Talent Management Framework for employees. It is designed to promote a high-performance work culture where employees are empowered to translate their skills & knowledge into career goals and stimulate meaningful contribution in achieving the organizational goals.

Goal Management

At YASH, we encourage Collaborative Goal Setting process where an employee and the manager decide on goals together. It includes setting targets, prioritizing deliverables, observing the progress, understanding challenges, assessing and evaluating the attainment of goals.

From a structured and SMART goal setting process to ensuring that there is a continuous dialogue between employees and managers we have defined an exhaustive performance management framework that ensures that we have a transparent and fair performance management system that encourages employees to perform at their best and managers to provide right guidance and shape their careers effectively.

Performance Management

We have multiple milestones and avenues on which we conduct performance assessment, as mentioned below:

- Confirmation Process
- Mid-Year Performance Reviews
- Performance Feedback on Manager Change
- Collaboration Score Index (CSI)
- Performance Improvement Plan

Confirmation Process

Confirmation is a process through which employees' performance is evaluated for the period they have remained on Probation/Training/Training cum Probation. Upon confirmation, an employee is eligible for all associated benefits. The workflow of the process is as follows:

Mid-Year Performance Reviews

At YASH, performance review is done twice a year and bifurcated into two half-yearly cycles for all the employees. It enables to keep a track of feedback throughout the review period such that employees can get required coaching, feedback and learning and development. This makes the performance discussions more meaningful, real-time and effective.

Performance Assessment: We use **180 Degree Feedback** to assess the performance of an employee. Performance rating for complete review period is calculated by averaging the feedback ratings received during half-yearly review period.

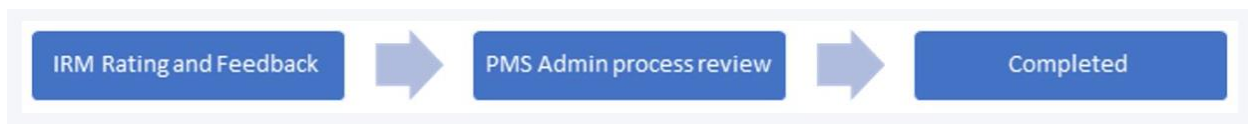

Process flow for this review methodology and frequency is as follows:

Performance Feedback on Manager Change

Performance Feedback Process on Manager Change helps in keeping track of the most recent feedback of an associate's performance. This would ensure that the current manager can have access to the complete performance history of the team members for the entire duration. IRM change request is initiated by current IRM/HRPP/RMG on Infogram and feedback form is triggered accordingly.

Workflow of the process is as follows:

Collaborative Score Index (CSI)

To foster a positive work culture resulting in higher performance and better business results, we at YASH use Collaborative Score Index to measure the degree of collaboration within a team or set of teams working together. The COMPASS i.e. Communication, Openness, Managing Conflict, Prioritization, Accessibility, Support & Sharing forms the framework to measure and evaluate CSI. It is important to select right and minimum three raters in circle of influence.

Workflow of the Collaboration Cycle is as follows:

Based on the feedback received from key people within circle of influence of the employees and result of evaluation, the collaboration maturity level of the team and its progression over a period of time is reflected.

Performance Improvement Plan

Performance Improvement Plan is a structured development plan to ensure that employees at YASH are given fair support, mentoring and guidance to improve upon their performance and deliver at par with the expectations and goals and objectives set.

Workflow of the process is as follows:

You can go through the policies in detail on YOU portal following this path-

YOU>>Shared Services>>Library and select the applicable policy doc.

For any concerns related to policy/process please write to us at pms.india@yash.com.

About Y-Pedia:

Your daily guide to inspiration and enlightenment! Dive into our daily campaign mail filled with good reads, intriguing trivia, refreshing tips, and exciting recommendations to be your go-to companion on the journey to enjoyment and enlightenment, every day!

Reader's Corner:

Step into Reader's Corner, a haven for book lovers and knowledge seekers. This thoughtfully curated space brings you a rich collection of literary content, from compelling book recommendations to in-depth literary discussions. Dive into author spotlights that offer a glimpse into the minds behind your favorite stories and discover new perspectives through engaging analyses. Whether you're looking to enhance your language skills or simply indulge in the magic of words, Reader's Corner promises a delightful journey through good reads and word wonders.

Trivia Tuesdays:

Tuesdays get a fascinating twist with Trivia Tuesdays, where curiosity meets knowledge! This segment presents a broad range of intriguing facts and informative articles designed to spark your intellectual curiosity. From surprising historical events to mind-boggling scientific discoveries, each piece is crafted to make learning an exciting experience. Whether you're looking to expand your general knowledge or impress friends with fun facts, Trivia Tuesdays ensures an engaging and enriching midweek boost.

LEARNING & DEVELOPMENT

Learning & Development wing at YASH focuses on enabling every individual with the necessary skills and knowledge required for excelling at their respective roles. L&D focuses on YASH Business and Industry trends for organizational needs and career development plans. These two components play vital role in L&D's vision towards skills & knowledge enhancement at YASH. YASH L&D not only focuses on the technical skills development and compliance but also works on Personality, Soft Skills & Leadership Development needs.

**L&D VISION:**

To build right skills and knowledge with industry standards to outperform the competition and attain organisational goals.

L&D MISSION

To accelerate learning process through our innovative learning methodologies & attain desired project efficiencies, resulting in customer delight.

Learning Management System

We have a robust Learning Management System called Infogram LMS, powered by SAP Success Factors. All the learning activities at YASH are centrally driven using this portal. It has features of browsing through the catalogue, nominating self for courses, assessments, surveys, tracking learning history & learning credits, requesting for new trainings etc. under learning page.

YASH University:

To be the centre of excellence by disseminating the best possible training opportunities to build motivated and engaging workforce at YASH by providing them with highly effective, interactive and fast track learning platforms under various distinctive client specific academies.

Yash University has two Wings; Yash School of Learning and YASH Academes. Which offers radical and encompassing programs focuses on Technology, Domain, Process & Quality, Soft Skills, Leadership and Continuing Education programs to meet the skilling needs of the workforce.

Academy is customer-centric approach devised to impart trainings which are universal yet focused to the client's need. Academy is a robust and sophisticated system of creating and retaining the knowledge. It facilitates the learning solutions by adopting the modern training methodologies like micro learning modules, ILT, virtual sessions, simulations, gamified learning, workshops, role plays and many more.

YASH Soft Skills Trainings

Alpha Professional Program is designed to encourage workforce towards organizational culture & building professional skills within the team to achieve higher levels of productivity.

Alpha Advanced Program

Alpha Advanced Program is focused to upskill the associates to climb up the ladder and manage clients, team and day to day business activities. Further it also enhances an individual's capability from individual contributor to leading and managing teams.

Micro Learning

"YASH Learning & Development Announces, one of its kind learning initiative by providing the learners continuously with bite size micro learning, wherein interactive learning experience at finger tips, during the current times for skilling up our associates. The modules are designed to meet the training needs on soft skills, leadership and technical trainings which are developed keeping in mind Personalized

Approach| Easy Accessibility| Self-Paced Learning”. QR codes are published for easy accessibility of courses on mobile devices.

On-Floor-Training (OFT)

Acknowledged by CMMI as one of the best industry practices in L&D, and after receiving a tremendous response from teams and Business Unit Heads, it is recognized as a training approach that enhances the skills and knowledge through group learning or peer learning methodologies. This is a proactive approach by the Soft Skills Team, where the trainers reach out to the participants to create a unique training environment at their workstations.

Video Based Training (VBT)

VBT (Video Based Training) in a classroom setting is a new initiative from YASH L&D and an effective tool used in trainings to enhance the learning experience of the participants with real life situations and scenarios from reel life. Video-based learning increases the likelihood of the message being retained, to change behaviours and improve performance at work. This is also an inspirational mechanism developed by L&D to impact culture at large.

Role Based Training (RBT)

At YASH, Role Based Trainings (RBT) emerged from the annual Career Development Plan chalked out for the individuals during their performance review. L&D follows Graded Competency Model for target audience to analyse oneself and up skill themselves for the desired roles. The unique selling point of the program is self-assessment through psychometric tests designed and developed by Experts.

B.E.L.T.T

Business English Language Testing & Training is another feather on L&D’s hat. It’s one of its kind training approach which focuses exclusively on developing written and spoken communication skills at work place for better client communication by using testing tools and techniques. BELTT is an on-going training program to meet the individual team needs ranging from communication to voice and accent.

YASH Technical Trainings:

TOT Techno Centre

TOT Techno Centre is a wing of L&D Technical that focuses on orienting our workforce on the latest advancement in technology by means of internal as well as external channels – like workshops, orientations, webinars and trainings across various technologies. Apart from external Trainers, business

also identifies and nominates the respective individual to deliver the TOT session his specialization or expertise and reward them on their performance and contributions to the organisation.

Know Your Technology

Know Your Technology brings together like-minded professionals or experts to impart in-depth knowledge, best Industry standard practices and emerging new technologies on an interactive platform, where we identify syndicate of Key Note Speakers from YASH, who are experienced to deliver on specific domain or technology. This is unique platform where live demo of the business use cases and interface is demonstrated by the expert panel followed by high tea session.

Technical Corporate Roll Out

An organizational initiative towards technical trainings which are organized keeping in view long term business strategies and short -term goals. It also focuses on creation of future workforce skilled for client needs, market demands and industry standards. These trainings are organized as a full-fledged program right from the nominations to the assessments and practice labs. The nomination for these sessions are carried out from BUHs directly or open house sessions registered by an associate with IRM approval.

Reward & Recognition Program:

The purpose of YASH's employee recognition program is to recognize and reward work and behaviours that support/further the mission, goals, values and initiatives of YASH; and, to encourage a culture where the recognition of excellent performance and achievement is encouraged through the use of rewards that are creative, flexible, and meaningful. This collaboration fosters an environment that is rewarding, challenging, and fun.

When employees and their work are valued, their satisfaction and productivity rises, and they are motivated to maintain or improve their good work. That is why YASH has also focused on building a work culture that celebrates not only fun but the performance of our associates as well. Our reward and recognition programs are fair, equitable, value employee performance, support business objectives and are competitive in the marketplace.

The platforms through which we celebrate and applaud the accomplishments of our employees:

To enhance the overall experience of our employees through our Reward and Recognition program we also have a comprehensive vRISE portal with many intriguing features like

- Automation of Nomination and Approval process for various awards
- Leader board and Live feeds to know updates about recent recipients of different awards
- Wall of Fame (Timeline) to applaud and encourage the recipients of awards
- Reward Point Allocation to awardees based on defined criteria
- An extensive redemption catalogue to redeem reward points and get a gift of your choice

We leave no stone unturned in knowing the great works our employees do and echo the same back by our R&R programs. The Various categories under which we recognize our employees are as mentioned below. There are several award types in each of these categories. Please refer to the Reward and Recognition policy in the Library section of our corporate Portal 'YOU' for more details.

Award for Performance Excellence: These are the categories of awards specific to the Line of Business, given to recognition employees or their teams, who give exceptional performance, comply with the quality standards, exercise innovation, and persist towards result orientation in the face of regular as well as critical work situations and/or live up to client expectations.

Award for Long Service and Growth: Awards given to recognize loyalty towards continuous service & commitment to the company. It recognizes employees who have made significant contribution towards the growth of YASH through their continuous long service.

Award for - One YASH: These are the category of Awards given to employees for extensive contribution beyond the contract, towards a cause, supporting in Learning & Development and extending support in talent acquisition through Walk-Ins.

Award for On-the-Spot Recognition: Awards given to employees who have received Client Appreciation, played a crucial role in Project Implementation, Exhibited YASH Value in their work-place, and going Beyond the Call of Duty both in Office as well out of Office Premises.

Award for Recognizing Culture: Awards can be given by an employee to another employee within YASH at any grade or designation.
