

Applying for Online Joint Declaration

Introduction- Online Joint Declaration

A Joint Declaration Form is a Form used to request changes to an employee's profile (i.e. Name, Gender, DOB, Father Name etc.) in the Employees' Provident Fund (EPF). The form is signed by both the employee and the employer before submitting it to PF Office for approval.

Online Facility is now available on PF Portal to raise a **Joint Declaration Request** online for correcting the personal details on PF Portal such as Name, Gender, DOB, Father's Name, Nationality etc.

For successfully raising the request, Member will be required to **upload just 2 documents** for any respective parameter (Name, DOB, Father's Name). And **no documents will be asked to upload** if your UAN is generated after 1st Oct,2017 and linked with Aadhar.

Approval procedure has also been simplified to a great extent where **Employer and PF Office approval will not be required** if your UAN is generated after 1st Oct,2017 and linked with Aadhar. For UAN generated prior to 1st Oct,2017 and linked with Aadhar, requests will be approved at employer level only and **no PF Office approval would be required**.

PF Transfer Process

PF Transfer Process- Introduction

PF Transfer is a process of transferring your PF money from old PF Account to New/Current PF Account. In PF Transfer along with your PF Amount service details also get transferred from One PF Office to another PF Office. It is necessary to transfer PF money because as per PF regulations **“if the account does not receives any contributions for more than 3 years, interest won't be credited to the account after the 3rd year”**.

Other benefits of PF Transfer:

- ✓ Helps in increasing no. of years of service for Pension (if eligible).
- ✓ While withdrawing Advance PF, you will be eligible to withdraw employer share only if cumulative PF service (Current Company Service + Old Transferred Service) is more than 5 years.
- ✓ There are chances of rejection of your PF Transfer if you will directly transfer the PF Amount from first company to third or later company PF Account.

PF Transfer Process- Latest Amendments on Simplification of PF Transfer

To further simplify and speed up the process of PF account transfers upon a change in employment, the current requirement to route the PF transfer application through either the previous or present employer has been dispensed with for transfers between:

PF Transfer Process- Pre-Requirements for PF Transfer

Pre Requirements for PF Transfer:

- ✓ Bank KYC is compulsory.
- ✓ Exit date should have been entered of previous organization.
- ✓ First PF Contribution by current company should have been deposited.
- ✓ Before applying for PF Transfer **check for Auto Claim Transfer request** through UAN Login ---> Online Services ---> Track claim status. **If both the accounts (Previous & Presents) are linked with Aadhar and exit date has already been entered by previous company then portal may automatically initiate Auto claim Transfer request.**

PF Transfer Process- Process Navigation

Step 1: Open the PF Member Portal through the below mentioned link and login by entering your UAN No. and Password. If you don't remember the password, then click on forgot password option.

Introduction

Gratuity is a bonus sum payable to the employee by the employer as a Loyalty Award for the long-term contributions they have rendered for the company. Gratuity is offered to employees who have completed 5 years of service in the organization. The gratuity paid by the employer varies based on the number of years served and other conditions.

Gratuity is the monetary amount payable under the Payment of Gratuity Act 1972 to an organization's employee. This is paid to the employee mainly as a gesture of gratitude for his /her contribution to the company. Gratuity pay is one of the varied components that makes up the employee's overall compensation. It is necessary to learn what the entitlement is, and how much gratuity an individual can get.

EMPLOYEE GRATUITY
EVERYTHING YOU NEED TO KNOW

Scope and Definition of Gratuity

The object of the Gratuity is to help the workman financially by giving gratuity after certain events for the recognition of continuous, meritorious services and sincere efforts by the employee towards the organization.

When an employee leaves his job after putting in a substantial number of years at the same company, he becomes eligible for a lump sum payment made by the employer as a mark of recognition for his services. The amount paid to the employee depends on the number of years of service he has put in at the organization and is known as Gratuity.

GRATUITY

Eligibility Criteria

If an employee completes a minimum of 5 years of continuous service, then he/she will be eligible for Gratuity and It will be payable to employee at the time of-

- Retirement.
- Resignation or Termination.
- On Death or Disablement.
- On Retrenchment Layoff.

Minimum service condition of 5 years does not applies in case of death or disablement.

In the case of death of the employee, gratuity payable to him shall be paid to his nominee or, if no nomination has been made, to his heirs, and where any such nominees or heirs is a minor, the share of such minor, shall be deposited with the controlling authority who shall invest the same for the benefit of such minor in such bank or other financial institution, as may be prescribed, until such minor attains majority.

Disablement is defined as a condition that prevents an employee from performing the job that they could perform before to their accident or illness.

Calculation of Gratuity

The amount of gratuity shall be computed as follows:

$$\text{Gratuity} = (\text{Continuous Years of service} \times \text{Last drawn basic salary}) \times 15 / 26$$

1. 15 days Salary for every completed year of service.
2. The Month is considered for 26 days only in Gratuity.
3. Salary Means last Basic Salary drawn.
4. More than 6 months of Service will be considered as completed year.
5. Maximum Amount of Gratuity can be Rs. 20.00 Lakhs.

Calculation of Gratuity

Example: A joined an organization on 15th May 2010 at a salary of Rs. 15,000 per month in which his basic salary was 6,000 per month. he left the organization on 18th Dec 2017 at that time his salary was 85,000 per month in which basic was 34,000 per month. In this case the amount of gratuity will be calculated as below.

1. Total service with the organization – from 15/05/2010 to 18/12/2017 - 7 years 7 month and 4 days. In this case we will take 8 years as completed year of service.
2. We did not require his first basic because as per the act we need only his last basic drawn from the organization i.e., 34,000 per Month.
3. The amount of Gratuity will be =
Last Basic x 15 days/No of days in the month x No of Completed years of service.
$$34,000 \times 15/26 \times 8 = 1,56,923$$
4. It cannot exceed Rs. 20 Lakhs, in case it is more than 20 Lakhs then 20 Lakhs will be payable.

Tax Benefit on Gratuity

Contribution paid by the employer is not treated as income in the hands of Employees. This is taxable only in case of withdrawal either at the time of Retirement or Superannuation or Disablement or Termination. Gratuity is exempted under the Old Tax Regime and in New Tax Regime up to least of the following:

- Rs. 20,00,000
- Actual Gratuity received
- Last drawn salary $\times 15/26 \times$ Number of years of service

Above the ceiling of Rs.20 lakhs applies to the aggregate of gratuity received from one or more employers in the same or different years.

Amount received in case of death is not taxable for employees.

- If an employee has a family at the time of making a nomination, the nomination shall be made in favor of one or more members of his family, and any nomination made by such employee in favor of a person who is not a member of his family shall be void.
- If at the time of making a nomination the employee has no family, the nomination may be made in favor of any person or persons but if the employee subsequently acquires a family, such nomination shall forthwith become invalid. - In case of death of the nominee before the death of the employee, the interest of the nominee shall revert to the employee. The employee, in such cases, shall make a fresh nomination in respect of such interest.

The full amount of gratuity can be forfeited if an employee's services have been terminated due to:

1.0 PURPOSE

The essential of this guideline is to ensure fair and equitable treatment to employees by defining procedure for submission of documents for claiming exemption in respect of Daily Allowances.

Daily allowance is taxable in the hands of employee to the extent which is not actually expensed by the employee. It means an employee needs to submit proof against daily allowance that he/she has actually incurred the expenses to meet out the ordinary daily charges on account of absence from my normal place of duty.

2.0 SCOPE

This guideline is applicable to all the employees who are on the rolls of the company & deputed to locations outside their normal place of posting due to execution of project or for other business purpose and receiving Daily allowance along with Salary. The tax benefit for daily allowance is subjected to the Old Tax Regime. **These guidelines are not applicable to the per diem paid or claim through Travel Reimbursement form.**

3.0 Applicability /Ownership

This guideline will be effective from 1st of April' 2024 & will supersede the earlier guidelines (if any). The Payroll Dept reserves the right to amend/modify/withdraw the policy as & when it is required.

4.0 How to submit document for claiming Tax Exemption in respect of Daily Allowance and GH Allowance

The Employee has to submit documents for tax Exemption in respect of Daily Allowance & GH allowance earned by him at **iConnect** in **Claim Section** in same Financial in which he has earned as per the time line for submission given by Payroll Dept. Please follow the below path to submit documents for Tax benefit in respect of Daily Allowance:

iConnect > Claims >> Reimbursements >>> Apply >>>> Add New

5.0 General guidelines & permissible expenses against which Tax Exemption can be availed

5.1 Daily Allowance –

The bills for claiming tax exemption in respect of daily allowance received along with salary must be related to the period when you are working on project at a place which is different from your normal place of duty and you also get daily allowance for the said period. **These guidelines are not applicable to the per diem paid or claim through Travel Reimbursement form.**

5.2 Lodging Charges –

For claiming exemption in respect of lodging charges you can submit Rent Receipt or hotel bills. You can submit rent receipts for the city in which you are on deputation. This will be on account of your daily allowance only and you will not get any separate benefit of HRA for this rent but if you are also paying rent for the House which you have taken on rent at your base location then you are eligible for claiming HRA exemption also.

Thus if you are paying two rents, one is for your base location and other is for your deputed place then you can claim exemption against HRA for your base location and for your deputed place rent you can claim exemption against Daily allowance. You cannot claim HRA exemption as well as for lodging charges (for daily allowance exemption) for same house property.

In case you are unable to submit the rent receipt due to non availability of owner, then you can submit the rent agreement along with the copy of your bank statement by highlighting the rent payment in the statement.

If you are using Guest House facility of the company and company is deducting the lodging charges from your salary as per guest house policy then you don't need to submit any bills for lodging charges as the same will be exempted automatically on account of Lodging charges.

5.3 Local Conveyance –

An employee can submit Local Conveyance bills only when the expense incurred by the employee for transportation between place of duty & place of stay at deputed location.

In case wherein employee is using the company vehicle then he/she'll not be eligible for claiming local conveyance for that part but if company is deducting some amount against the transportation facility then the same will be exempted automatically from your daily allowance on account of Local Conveyance and in respect of such amount you don't need to submit any bills for local conveyance.

5.4 Food & Telephone Expenses –

An employee can also submit bills for Food & Telephone expenses which he has expensed at the time of his deputation.

In case of prepaid connection an employee can submit vendor's bill through which he has purchased prepaid voucher/e-voucher. In case of postpaid connection employee needs to submit bill as well as proof of payment of such bills.

Foreclosure of leased car

On separation, the employee will have to foreclose the lease, below are options available to the employee-

Option 1: In case you choose to foreclose and buy the car

Foreclosure charges as per the Lease Agreement are applicable. The payment due to LeasePlan will be as follows:

Foreclosure Amount = Outstanding principal amount + Outstanding registration and road tax amount + Outstanding insurance amount + applicable GST (on outstanding Principal amount) + Foreclosure charges (applicable on outstanding principal amount as per agreement)

Option 2: In case you choose to return the car during the lease term

LeasePlan's Remarketing team will get the car evaluated through a bidding process via its empaneled dealers. The highest bid value will be shared with you/your Company. In case there is any book value loss, the difference between the highest bid and the total foreclosure amount (as per the formula above) will be applicable, payable by Employee

Following will be the treatment based on resignation date:

- If the resignation is between the 1st and 15th of the month, the lease will be terminated at the end of that month. The foreclosure value will be generated as per that month end.
- If the resignation is between the 15th and end of the month, the foreclosure value will be generated as of the subsequent month and the lease rent for the subsequent month will have to be paid.

1. Employee has the option to foreclose the lease and purchase the car by paying up a predetermined Lease Terminal Value to the Lease Company (Lease Terminal Value- is the value determined using a standard formula by Lease Company as an amount that needs to be paid up the individual in case of foreclosure of the lease).
2. In case the employee is joining another employer, employee also has the option to transfer the lease agreement to new employer (However this is subject to the acceptance of the other leasing company and to their arrangements, if any, with the new employer).
3. Employee can also allow leasing company, to sell the car in the market and pay up the difference between the lease terminal value as applicable and the market rate (in case the market rate is lower than the lease terminal value). Here the market valuation of the leasing company will be treated as final.

Introduction

Leave Travel Allowance (LTA) is an allowance given by the employers to their employees, which can be utilized when they go for a vacation. The employee needs to submit the actual bills to the company for claiming tax benefit on LTA. Leave Travel Allowance can also be referred as Leave Travel Concession (LTC).

Following points are noteworthy to be considered :

- It is an optional annual component (equal to one-month basic salary) that is payable only in the month of March of every financial year.
- If opting for LTA component, then it will become part of CTC by adjusting special allowance component amount and this will also reduce monthly net take-home salary.
- As per company policy, an employee can claim tax exemption on LTA at every alternate financial year by submitting eligible documents.
- Leave Travel allowance will be exempted U/S 10(5).

- Employees having **Annual Gross Pay equal to or more than Rs. 5,00,000** are eligible to select LTA component.
- To make LTA as part of your CTC structure, you need to enroll this Benefit on

Infogram > View My Profile >> Benefit Module

Enrollment Window Option would be available in case of :

New Joiner >>>> Within 3 days from Date of Joining

**Existing Employees >>>> At the Beginning of Financial Year i.e. in April month
(Note: Enrollment window opens for a specific duration and the timeline is been communicated through email.)**

- Once you enrolled for LTA, it will continue for the whole Financial Year and an employee cannot opt out of LTA within the FY.
- In case of Exit, the LTA component would be calculated proportionately from 1st of April or Date of Joining which ever is later, till Last Working Day with the company. The amount will be released in F&F Settlement.

Conditions for claiming LTA exemption

- Employee is eligible to take tax benefit on LTA only for One Domestic Travel, i.e., Travel within India, in a Financial Year. No international travel is covered under LTA.
- Exemption is available for travel of an employee alone or with their family (employee's spouse, children and wholly or mainly dependent parents, brothers and sisters of employee). For Children born after October 1, 1998, the exemption is restricted to only two children.
- Actual journey required to be performed in the same financial year to claim exemption.
- Employee should be on leave during the period for which he/she is claiming LTA exemption.
- LTA Exemption is available only on the **actual travel costs** i.e., air, rail or bus fare incurred by the employee. No expenses such as local conveyance, sightseeing, hotel accommodation, food etc. are eligible for exemption. **LTA Exemption is also not available if mode of transport was Taxi.**
- Exemption is also limited to LTA amount provided by the employer.

Conditions for claiming LTA exemption

Multi Destination Journey:

Income tax provision provides exemption w.r.t travel cost incurred on leave to any place in India. Conditions w.r.t mode of transport also refer to place of 'Origin' to place of 'Destination' and route must be shortest available route.

Hence, if an employee is travelling to different places in a single vacation, exemption can only be availed for travel cost eligible from place of origin to farthest place in the vacation by shortest possible route.

Explanation with Example: If Mr. A wants to go on vacation with family from Hyderabad to Goa, Goa to Bangalore and Bangalore to Kanyakumari. Then in this case farthest destination would be considered for LTA exemption, i.e. through and from Hyderabad to Kanyakumari farthest destination with shortest route would be considered for LTA exemption.

Exemption w.r.t various mode of transport

S. No	Scenario	Eligible exemption
1	Place of journey and destination are not connected by any recognized public transport system	Amount equivalent to the air-conditioned first-class rail fare, for the distance of the journey by the shortest route, as if the journey had been performed by rail
2	Place of journey and destination are not connected by rail (partly/fully) but connected by other recognized public transport	Amount restricted to 1st class or deluxe class fare by the shortest route to the place of destination
3	Place of journey and destination are connected by rail	Amount spent for any mode of transport other than by air restricted to air-conditioned first-class rail fare by the shortest route to the place of destination
4	Journeys performed by air	Amount is restricted to air economy fare of the national carrier(Indian Airlines or Air India) by the shortest route to the place of destination.

LTA Block Years

- The blocks are different from financial years (April 1 to March 31); they are calendar years (January 1 to December 31).
- Start date of Journey must be fall in the same financial year to claim the exemption, however, the gap between two Journey dates should be based on 4 calendar year block, means maximum two journeys are allowed, first in two calendar years and second one in subsequent two calendar years in a block of 4 calendar years.
- The current block is 2022-2025, covers period from January 2022 to December 2025 and the next block year is 2026-2029.
- The period from April 2025 to December 2025 will be covered under the current block year cycle i.e. 2022-2025, thereafter the rest 3 months from January 2026 to March 2026 will be covered under the next block year cycle i.e. 2026-2029.
- **Carryover Of Unclaimed LTA:** In case an employee has not availed exemption with respect to one or two journeys in any of the block of 4 years, he is allowed to carryover such exemption to the next block provided he avails this benefit, in the first calendar year of the immediate succeeding block.

Introduction

- NPS is an investment plus retirement savings scheme promoted by the Government of India and is being regulated by the Pension Fund Regulatory Development Authority (PFRDA). The scheme aims to inculcate the habit of systematic savings during the working life of an associate and provide social security during retired life by giving the option to purchase a pension/annuity with the accumulated savings in the NPS account.
- NPS is an easily accessible, low cost, tax-efficient, flexible and portable retirement savings account. Under the NPS, an individual contributes to their retirement account while their employer can co-contribute towards the social security / welfare of the individual. NPS is designed on a defined contribution basis wherein the subscriber contributes to their account.

Features

Prudentially Regulated: NPS has Transparent investment norms, regular monitoring and performance review of Fund Managers by NPS Trust.

Low Cost: NPS is perhaps the world's lowest cost pension scheme. Other handling and administrative charges are also the lowest. The fund management fees will be as charged by the Pension Fund Management (PFM).

Complete Portability: The NPS account can be operated from anywhere in the country irrespective of employment and geography and is fully portable across sectors and locations. Subscribers/Employees can shift from one sector to another like Private to Government or vice versa or All Citizen Model to Corporate Model and vice versa as well. A private citizen can also move to Central Government, State Government etc. all with the same account. A subscriber can also shift within sectors like from one PoP (Point of Presence) to another PoP and from one PoP-SP to another PoP-SP. Likewise an employee who leaves their employment to become self employed can continue with their individual contributions. If they re-enter employment detail, then they may continue to contribute along with their employer.

Flexibility: Choice of investment mix and Pension Fund managers or select Auto Option (life cycle fund) to get better returns, if the option is provided by your corporate.

Simple and Web Enabled/Online: All transactions can be tracked online through the CRA system. Employer and employee can also check fund and contribution status through the CRA website subject to applicable **Service charges 0.25% (Min of Rs.30+GST)** levied by PoP under PFRDA guidelines.

- Under the Corporate NPS, you can invest directly and at the same time you can route your contribution through your employer. Both contributions are eligible for tax deduction as shown below:
- **Both tax benefits are mutually & exclusively, over and above the 80C limit and can be availed at the same time when you have opted for Old Tax Regime.**
- **The only benefit available under New tax Regime is U/S 80CCCD(2) up to 14% contribution**

Investment Option

NPS has the option to choose Investment Choice for Asset Allocation:

The corporate company as well as the subscriber have two choices for their asset allocation where they can decide as to how the NPS wealth is to be invested :

1. Active Choice: Asset Class E (up to 50%), Asset Class C, and Asset Class G.
Or

2. Auto Choice: In this option, the investments will be made in a life-cycle fund. Here, the fraction of funds invested across the three asset classes will be determined by a pre-defined portfolio (this will change as per the age of subscriber).

Once you enroll for NPS under corporate scheme with Yash, by default your fund investment approach will be Auto Choice with Moderate Life Cycle. In the moderate life cycle fund, for example, the default asset allocation under auto choice is 50% for class E, 30% for class C and 20% for class G, till a person is 35 years old. By the time of retirement, allocation to these three assets will become 10%, 10% and 80% respectively, in a staggered manner.

NPS Scheme: Account Option

Under NPS the following two types of accounts will be available:

Tier-I account:

- Employer / Employee can contribute towards retirement in this non-withdrawal account.
- Income Tax benefits as per the Income Tax Act, 1961 will be available for both the employer and employee contributions.
- ***Note: Tier-I charges can be borne by Subscriber.***

Tier-II account:

- This is a voluntary savings facility, where the subscriber can avail Fund Management facility at very low costs.
- Here, the subscriber will be free to withdraw savings from this account whenever they wish. However, the tax benefits are not applicable for Tier-II account.
- Tier-II account can be activated along with the Tier-I account or at later date.
- The investment option for the Tier-II account can be exercised by the subscriber only, which can be different from tier-I account.
- Tier II accumulations can be switched to Tier I account but not vice versa.

NPS Scheme : Pension Funds

The funds contributed by the Subscribers are invested by the PFRDA registered Pension Fund Manager (PFMs) as per the investment guidelines provided by PFRDA. The investment guidelines are framed in such a manner that there is minimal impact on the subscriber's contributions even if there is a market downturn by a judicious mix of investment instruments like Government securities, corporate bonds and Equities.

At present there are 8 Pension Funds (PFs) who manage the subscriber funds at the option of the subscriber. However, Once you enter NPS under corporate scheme with Yash then by default the HDFC Pension Management Company Ltd would be the Pension Fund Manager.

At present, the Subscriber has the option to select any one of the following eight pension funds when registered under Individual scheme of NPS only:

- ICICI Prudential Pension Fund
- LIC Pension Fund Ltd
- Kotak Mahindra Pension Fund
- Reliance Capital Pension Fund
- SBI Pension Fund
- UTI Retirement Solutions Pension Fund
- HDFC Pension Management Company Ltd
- Birla Sunlife Pension Management Ltd.

However, this list may undergo changes if new pension fund managers are registered by PFRDA or existing players are de-registered by PFRDA.

NPS Scheme : Withdrawal

As per PFRDA (Exits & Withdrawals under NPS) Regulations 2021, a subscriber can exit NPS under the following conditions:

1. Superannuation:

- With SLW (Systematic Lump Sum Withdrawal) facility, the lump sum corpus (i.e. upto 60% of pension Corpus) can be withdrawn in a phased manner and this is entirely tax-free.
- Subscriber has an option to withdraw desired amount systematically at regular periodic intervals i.e. monthly, Quarterly, Half yearly or annually.
- It is allowed till age of 75 years
- Only one time request is required i.e. no need to submit request every time you withdraw. This is similar as Systematic Withdrawal Plan under Mutual Funds
- It is applicable at the time of superannuation or attaining age of 60 years.

Note: SLW is not applicable for Premature exits. It's applicable to Lumpsum Pension Corpus only for exit at 60 years of age or at Superannuation. Taking Annuity on Superannuation/60 years is still mandatory. The 40% that is used to buy an annuity is also tax-free. However, the annuity income is taxable as per the investor's income tax slab rate in the year of payout.

F&Qs on Withdrawal at Superannuation :

1. Can I withdraw my fund in lump sum if I need it at later date? **Yes, by terminating your SLW request**
2. Can I withdraw part lump sum and with rest of the corpus start SLW at the time of superannuation/60 yrs.? **No, part withdrawal or part SLW is not allowed.**
3. Can I switch between asset classes post starting SLW? **Yes**
4. Will fresh contributions be allowed during SLW period? **No. Subscriber cannot contribute further once SLW starts.**
5. How will be the exit process changed? Will it become more difficult? **Central Record Keeping Agencies have already developed their system on SLW. The process is online and easy to operate.**

- 2. Pre-mature Exit:** In case of pre-mature exit (exit before attaining the age of superannuation/attaining 60 years of age) from NPS, at least 80% of the accumulated pension corpus of the Subscriber has to be utilized for purchase of an annuity that would provide a regular/monthly pension. The remaining funds can be withdrawn as lump sum. However, a subscriber can exit from NPS only after completion of 5 years.

Note: If the total corpus is less than or equal to Rs. 2.5 lakh, the subscriber can opt for a 100% lump sum withdrawal.

NPS Scheme: Partial Withdrawal

Under this, the NPS Subscriber can withdraw a certain amount out of his own contribution.

The following are the conditions of the Partial Withdrawal:

Voluntary Provident Fund (VPF)

❖ [Introduction](#)

❖ [Benefits of investing in VPF](#)

❖ [VPF Enrolment](#)

❖ [VPF Balance](#)

❖ [VPF Withdrawal Rules](#)

❖ [Support/Assistance](#)

An employee working in the private sector automatically has 12% deducted from his salary and deposited into the Employee Provident Fund (EPF) account, which is set up by his/her employer, to which the employer also contributes. Above this basic percentage amount, an employee can request his employer to deduct an additional amount every month and add it to his PF account, so that when he/she redeems it at the age of retirement, the amount of funds available is greater.

Voluntary Provident Fund

Benefits of investing in VPF

- As per Yash Benefit Program you can contribute to VPF in following denomination :-
 - ❑ 2% of Basic Salary
 - ❑ 5% of Basic Salary
 - ❑ 8% of Basic Salary
 - ❑ 10% of Basic Salary
- **Note:** It is in addition of 12% Employee contribution.
- VPF is nothing but an additional PF contribution by employee over and above the normal PF contribution, hence, at the end it will be merged with the PF employee share only while depositing it to the PF Office.
- VPF Interest rate is equal to that of the PF.
- Income Tax benefit is available on VPF contribution u/s 80C under **Old Tax Regime**. There is income tax exemption at all stages - contribution, investment, accumulation and returns and also at the time of withdrawal subject to fulfilment of certain conditions.
- Employees can access the VPF money for reasons like marriage, house purchase, children's education etc.

Benefits of investing in VPF

- The contribution to VPF is optional but if the employee chooses to make a contribution, he/she will be required to continue the contribution throughout the financial year.
- This option is a smart choice for salaried individuals as the contribution is deducted directly from the salary - saving time and energy on investing it on your own. Furthermore, tax benefits will automatically be calculated in the Form 16 given by the employer.
- Voluntary Provident Fund is a safe and trustworthy investment as it is managed by the Government. It is a safe investment option as compared to the risks involved in other long term investment options.
- VPF is known for its high yields.
- This fund can be easily transferred from one employer to another. Therefore, change of jobs will not affect the benefits from VPF.
- As per recent provision, if the employee's contribution into PF fund in a financial year is more than Rs. 2,50,000, then interest earned on contribution in excess of Rs. 2,50,000 in a year shall be taxable in the hands of the employee. While opting for VPF option employee should be aware about the total employee contribution in PF account for a Financial Year. If contribution is exceeding amount of Rs. 2,50,000 then the interest would be taxable in the hands of employee.

- You need to enrol this Benefit on Infogram. Follow the path for enrolment :

Infogram > My Employee File >> Benefits

- Employee would be eligible for VPF option only if they have opted for Full PF Option.
- For Existing Employees VPF Window will open in the month of April in every Financial Year. For New Joiners window will open for 5 days from the date of joining.
- Once Employee submit the request on Infogram in benefit module then it will directly come to payroll POC for approval. Payroll POC will be the final authority to approve or reject VPF Enrolment request as per the Policy.
- Once request is approved, VPF contribution will be deducted from the salary either in same month or from next month onwards.
- Once you enrol for VPF then this benefit will keep continue till your tenure with Yash until you wish to stop and make a request on Infogram by selecting Zero (0%) option. This option is available only at the start of Financial Year when the enrolment window is opened.

- As your Voluntary Provident Fund is like your EPF, you can use the same methods for checking the VPF balance in your PF account:
- Online – Login using your credentials at below link <https://unifiedportal-mem.epfindia.gov.in/memberinterface/>
- Umang App – your UAN and Aadhaar number need to be linked for checking balance
- Your VPF contribution will be merged with employee PF contribution share month to month basis. It will not display separately in your PF passbook.
- Check PF Passbook balance online at below link <https://passbook.epfindia.gov.in/MemberPassBook/login>

VPF Withdrawal Rules

- VPF comes with withdrawal restrictions and same rules are applicable as PF withdrawal. Savers also should not ignore their goals and asset allocations while increasing their VPF contributions. However, if withdrawn before the completion of five years, the amount will be taxed. You can request withdrawal for any one of the following reasons but not excluding:
 - Medical treatment for self or family members
 - Higher education/marriage
 - Home loan repayments
 - Construction or renovation of home
- You can withdraw the funds by simply filling out Form 31, in which your bank details must be filled out and all requested documents attested properly. Upon submission, the amount will be transferred to the mentioned bank account.
- The path for withdrawal of PF is given below :

UAN Login > Online Services > Form-31 (PF Advance)

Since this regime offers lower tax rates but limits deductions and exemptions, it is ideal for those who do not engage in tax-saving investments.

Introduction : Tax Regime

Employee can choose between two tax regimes for income tax computation:

1. **New Tax Regime (Default Tax Regime)** – At the start of the financial year, every employee is automatically placed in the New Tax Regime. This regime offers lower tax rates but does not allow most deductions and exemptions. It is beneficial for individuals who prefer a simplified tax structure and do not invest in tax-saving instruments.
2. **Old Tax Regime** – This regime follows the traditional tax structure, allowing taxpayers to claim various deductions and exemptions, such as those under Section 80C, 80D, and HRA, which may help reduce taxable income.

Employees can opt for the Old Tax Regime once a year, selecting the regime that is most beneficial to them—except for those with income from business or profession. Additionally, they can change their chosen tax regime when filing their Income Tax Return.

To determine which regime results in a lower tax liability, employees are advised to compare both options using a tax calculator before making a choice.

If an employee wishes to opt for the Old Tax Regime, they must submit a request through [iConnect](#) at the following path:

Self Service > Taxation >> Tax Projection

For detailed instructions, please refer to the guideline available on [YOU Portal](#) "[Guideline to Raise Request for Opting - Old Tax Regime](#)"

New Tax Regime : More slabs, Lower Tax Rate but no way to reduce taxes

The **New Tax Regime** is beneficial for taxpayers who prefer a simplified tax structure and do not invest in tax-saving instruments. It is particularly suited for individuals who **do not have a housing loan, do not pay house rent, do not have Mediclaim insurance, and do not seek exemptions for Employee Provident Fund (EPF)**. Since this regime offers lower tax rates but limits deductions and exemptions, it is ideal for those who do not engage in tax-saving investments.

Taxable Income Slab	Tax Rates as per New Tax Regime
0 - 4,00,000	• 0%
4,00,001 - 8,00,000	• 5%
8,00,001 - 12,00,000	• 10%
12,00,001 - 16,00,000	• 15%
16,00,001 - 20,00,000	• 20%
20,00,001 - 24,00,000	• 25%
Above 24,00,001	• 30%

- * 4% of Income Tax is levied as Health and Education Cess.
- * 10% of Income Tax is levied as Surcharge where the net income is more than Rs. 50 Lakh but not more than Rs. 1 crore.
- * 15% of Income Tax is levied as Surcharge where the net income is more than Rs. 1 crore but not more than Rs. 2 crores.
- * An individual resident in India with a net income not exceeding ₹12,00,000 in a financial year is eligible for a deduction under Section 87A of the Income Tax Act, 1961. This deduction is applied to the total income tax payable for the assessment year and is equivalent to 100% of the calculated income tax or ₹60,000, whichever is lower.
- * Rebate under section 87A is not available on tax on income chargeable at special rates like Capital gain under section 111A/112/112A, tax on lottery winning.

New Tax Regime : More slabs, Lower Tax Rate but no way to reduce taxes

The new tax regime is different from the existing system in two aspects.

- ❑ Firstly, tax slabs have been revised, resulting in increased thresholds. Additionally, tax rates have been reduced for income levels below ₹24 lakh, offering potential savings for taxpayers within this range. **(Refer previous slide to know tax slab and rates applicable in New tax Regime)**
- ❑ Secondly, any employee under new tax regime will have to give up certain exemptions and deductions. Here is the list of exemptions and deductions that an employee will not claim tax benefit under new tax regime.

Exemptions are not available under New Tax Regime

Sec. 80C Investment Like PF , LIC, NSC, Tax saving FD's, ELSS, Tax saving Mutual Funds, Tuition Fees Etc.	Major Deductions under Chapter VIA (U/s 80DD, 80DDB,80E, 80EE,80EEA etc.)	LTA (Leave Travel Allowance Benefit (U/s 10(5))
HRA Benefit	Tax Benefit on Medical Insurance Premium Paid U/s 80D	NPS own contribution up to Rs. 50000 u/s 80CCD(1B) is also not available
Housing loan Benefit	Professional Tax you must pay but tax exemption is not available	Children Education Allowance and other Allowance U/s10(14)
Donation u/s 80G are also not available for Tax benefit		

- ❑ Under Section 80CCD(2) of the Income Tax Act, the employer's contribution to the National Pension System (NPS) is eligible for tax benefits. Previously, the deduction limit was 10% of the employee's basic salary, but it has now been raised to 14% for both private and public sector employees opting for the New Tax Regime. This increase allows employees to save more on taxes while building a larger retirement corpus.

Old Tax Regime : High Rates but lot of options to reduce taxes

The Old Tax Regime has fewer tax slabs, resulting in higher tax rates. However, taxpayers can reduce their tax liability by claiming various exemptions and deductions through the submission of tax-saving documents. These benefits, such as deductions under Section 80C, 80D, and HRA, are not available under the New Tax Regime, which offers lower tax rates but eliminates most exemptions.

Taxable Income Slab (₹)	Tax Rates as per Old Tax Regime
0 - 2,50,000	NIL
2,50,001 - 5,00,000	5% of (Total Income – 2,50,000)*
5,00,001 - 10,00,000	12,500 + 20% of (Total Income – 5,00,000)*
Above 10,00,001	1,12,500 + 30% of (Total Income – 10,00,000)*

- * 4% of Income Tax is levied as Health and Education Cess.
- * 10% of Income Tax is levied as Surcharge where the net income is more than Rs. 50 Lakh but not more than Rs. 1 crore.
- * 15% of Income Tax is levied as Surcharge where the net income is more than Rs. 1 crore but not more than Rs. 2 crores.
- * An individual resident in India with a **net income not exceeding ₹5,00,000** in a financial year is eligible for a **tax rebate** under **Section 87A of the Income Tax Act, 1961**. This rebate is applied to the total tax payable for the assessment year and is **equal to 100% of the calculated income tax** or **₹12,500**, whichever is lower.

Old Tax Regime : How to apply for Old Tax Regime

- An employee has to inform to employers that he wants to opt for Old Tax Regime.
- By default, New Tax Regime will be applicable to the employees.
- Option for Old tax regime is available to the employees at the beginning of every FY by selection of Old Tax Regime at iConnect Portal or at the time of Joining to new Joinee at below mentioned Path.
